3. Why have I been declined access to join Advance HE Connect?

Advance HE is open to all, but occasionally we do not accept people to the platform where it appears there is no link to higher education. The Networks team spend time checking every request to become a member of the platform who does not appear to belong to an institution, or who has not used an institutional email.

If you feel you should be allowed on the platform, please can you let the team know which higher education institution you work with, so that we can verify this. Alternatively, you can request access to join Advance HE Connect by using your institutional email rather than your personal one.

4. I have not received the link to register for Advance HE Connect.

You may have received the original invite into your Junk Mail folder, so please check this.
