

HEADSTREAM ACCELERATOR

OPPORTUNITIES FOR YOUTH ENGAGEMENT

1 Attend a half day workshop in the San Francisco Bay Area on Thursday, March 12th.

We would like to invite 20-30 middle or high school age youth to join us for an interactive half day designing and co-creating alongside entrepreneurs who are building social technologies for youth wellbeing.

2 Join the Accelerator as a Youth Advisor

Headstream will be accelerating 10 social tech innovations from March to August 2020. We are creating small Advisory Boards for each of the innovations to provide support and advice throughout the Accelerator. Since these innovations are designed for teens, we are looking for youth who are interested in joining one of the advisory boards as a Youth Advisor. The commitment will likely be 1-2 hours per month and can be done virtually.

3 Apply to be a Headstream Fellow

We are looking to support creative projects that are centered around collaboration and raising up the voices of today's youth. This can involve art, music, nature, community building, etc. Applicants must be 24 or younger and be prepared to design and lead their own project with support from Headstream. This is a paid opportunity with the ability to work remotely.
