EIT Health Women Entrepreneurship Bootcamp

Connecting your high growth, women-led or co-led start-up to an unparalleled network of investors and mentors to support your business' rapid growth.

APPLY NOW

Deadline 16th March **Start** 10th May

www.eithealth.eu

What you get

- Face-to-face time with Series A investors across UK, Ireland and Iberia
- Two dedicated mentors: an experienced entrepreneur in the health technology industry and an experienced investor in Series A (or later) financing.
- Receive up to €2500 in reimbursement for travel and accommodation, helping you access the best support across.
- Tap into the EIT Health network of 140+ partners to increase the visibility of your start-up

How it works

We focus the training on understanding and leveraging the benefits of founder diversity to pitch, raise funds, plan growth, and get the best possible outcome for your start-up.

Selected start-ups participate in a seven-week programme, with travel to Galway, Ireland; Coimbra, Portugal; Barcelona, Spain; and London, UK. Each location provides four intensive days of training and networking on women leadership, fundraising and entrepreneurship topics. During this time, you'll participate in two pitch events and enjoy significant one-to-one face time with investors.

Who should apply

- Start-ups that are women-led or co-founded - a woman must be in the C-suite management team. Male co-founders are highly encouraged to participate.
- High-growth start-ups focused on medical technology and already generating revenue; actively seeking growth capital from €500K to €5M. (2M? webpage)
- Residence in any Horizon Europe country

Programme dates

- 16 April 2021: Selected participants notified
- 10 May to 24 June 2021: Programme dates (alternative weeks: one week on, one week off)
