

Do you:

1. Identify as **trans, non-binary or gender diverse?** (e.g. gender fluid, bigender, genderqueer, agender, etc.)
2. Have a diagnosis of autism?

And are you:

3. Aged 11-15?

And have something to say?

You could be involved in a research study:

What is it about?

Listening to your experiences about school/education in the UK

What will the study involve?

An interview with me (Luca) to talk about your experiences, lasting about 30 minutes-1 hour.

Why might I want to take part?

To share your own, unique experiences, views and feelings in research

To help adults understand how to support gender diverse, autistic children and young people
