

Hub | FREE SOFTWARE & RESOURCES | MUSIC TECHNOLOGY

Developing Music Technology in both **primary and secondary schools** as a response to the new national plan (2022/23) is our priority. **First Access** and our focused **'Music Tech, Production & Recording'** short courses fit in line with KS1, 2, 3 & 4 curriculums and in particular GCSE/BTEC support. We have recently with partnered with **'Waveform FREE'** & **'Ableton/Push'** to support schools in the delivery of high-quality music technology, guiding students in the right direction for their **flightpath** into FE, HE and career-based apprentices, below are the packages and support available to you right now that we can have licenced, installed and delivered by our **expert** tutors and staff.

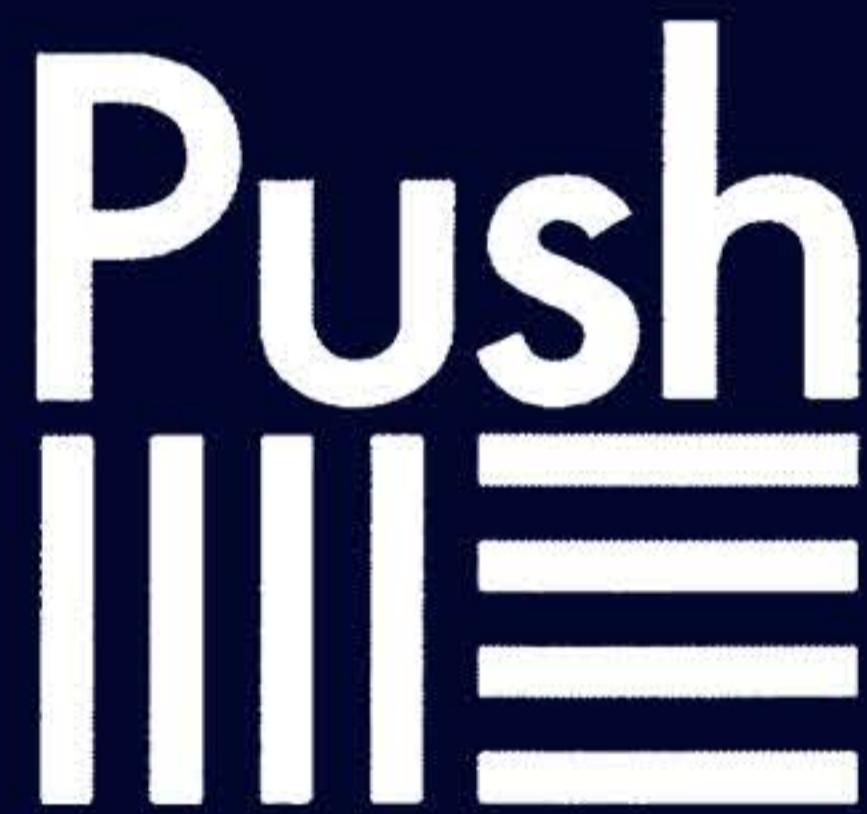

ABLETON LIVE INTRO FREE

Now a leader in industry-based production and performance DAW technology, Ableton can offer schools 'Live Intro' (better than Live lite). 60+ licences are available for both primary and secondary schools. Once engaged schools can also upgrade to the full 'Ableton Suite' for £99 (ex VAT) per seat (usually £539). **Contact us to obtain further details and how to get involved.**

WAVEFORM FREE

This is one of the most advanced FREE DAW's we have come across, hands down it beats all others on the market and is cross platform (PC's/Macs). It contains all the tools (and support) to record, edit and produce music and sound. It has a built in advanced sampler and synthesiser as well as a comprehensive loop library. We have multiple FREE licences upon request with an option to upgrade to other advanced packages at a later date. www.tracktion.com/products/waveform-free

PUSH CONTROLLERS

Get your students into 'Live' Performance with PUSH technology, these now meet many criteria within performance qualifications; you can acquire these controllers at a 50% reduction. Ableton also offer a FREE Push 1 recondition deal which has limited availability but can be applied for here:

www.ableton.com/en/classroom/push/

NATIVE INSTRUMENTS FREE

A collection of synthesisers, DJ software and soundpacks, plus the world's most powerful sampler - Kontakt FREE, all able to open in any DAW of your choice as 3rd party instruments and effects.

www.native-instruments.com/en/catalog/free/

SPITFIRE AUDIO LABS FREE

Free high quality sample libraries complete with a unique GUI loaded as a 3rd party in any DAW of your choice.

www.spitfireaudio.com/pages/free-instruments

CLASSROOM LEARNING RESOURCES FREE

Ableton offer access to a series of 'Classroom Project' support resources, as well as their 'Learning Music' which acts as an introduction to music making with beats, basslines and chords. 'Learning Synths' is an opportunity to explore sounds and even incorporate some cross-curricular science aspects too! 'Melodics', a GCSE (or any KS4 level qualification) project by Ableton and partners enables students to meet 'performance' criteria using 'pad-based' controllers.

PLEASE NOTE:

All software installations will depend upon your current PC/Mac system compatibility which can be discussed prior to installation.

TRAINING & SUPPORT

ASONE are committed to supporting you and your staff if you should decide on moving to use any of these resources in your school for Music Technology delivery. We are offering 'Twilight' CPD sessions on how to use any of these DAW's, and instruments, and our short courses (see the Module Menu) can add further support for you and your students.
