

# Experience in Singapore 2021

## The Henley way of coaching

JOIN OUR 1-HOUR FREE ZOOM EVENT ON NOV 25, 2020

IME Singapore – which represents Henley Business School in Singapore – invites you for a free online session to introduce the Henley Professional Certificate in Executive Coaching – which we will launch in March 2021 in Singapore.

The Henley PCEC is a leading coaching program which Henley facilitates in several locations around the world. It is the only triple accredited university program and during a 9-month part time period with seven full-day workshops you will become an ICF-certified coach.

In our 1-hour Nov event on Zoom we will present the Henley PCEC: What is the Henley PCEC, how is it different, how does it work – and what is the value vis-à-vis other coaching programs? And we will answer all your questions.

The Henley PCEC program is for people who want to pursue a professional coaching career – either as a coach or internally in your organization.

For the intro session and indeed the program itself: You don't have to possess any existing coaching skills, but you should be a business professional with a genuine interest in coaching. All are welcome.

Perhaps after the intro session you will consider joining the Henley PCEC when we launch the program in Singapore in March 2021.
